

President's Message

As we gather for our District Meetings it is an excellent time to consider the health of the MoFRW and plan for future success. Often people will choose one word to inspire them throughout the year. Here are some words you might use for thoughtful evaluation in relation to your district and club.

FUN—Are your club meetings enjoyable? If your meetings and gatherings don't have a sense of fun, you may have dwindling attendance.

ENGAGED—Are the members engaged in your work as well as your meetings?

CONNECTION—Are members connected to other members in their own club and district and is your club and district connected to them?

VISION—Does everyone know your club's goals?

GROWTH—Do your members have an opportunity to learn and apply their knowledge?

TEAMWORK—Do you work well together and do you promote member participation in activities?

COMMUNICATION—Are your communication methods most likely to reach your members?

LEADERSHIP—Do you repeat officers or is everyone given an opportunity to serve?

All of these are essential to MoFRW's growth and vitality. Now is the time to prepare your clubs and your district's future growth. Plan your work and work your plan!
