

The MoFRW is proud to be participating in placing Human Trafficking posters in businesses across Missouri that might come in contact with these predators. It is the hope that a victim would see the phone numbers on the poster and call for help. Our members have placed several hundred posters in hotels, motels, train stations, emergency rooms, women's health centers and many other establishments. This is a special "Caring for America" program and a way to make a difference. You can find more information on how to stop Human Trafficking and download/order the poster from the Missouri Department of Public safety website. <https://dps.mo.gov/human-trafficking/order-posters.php>.
